

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

### Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

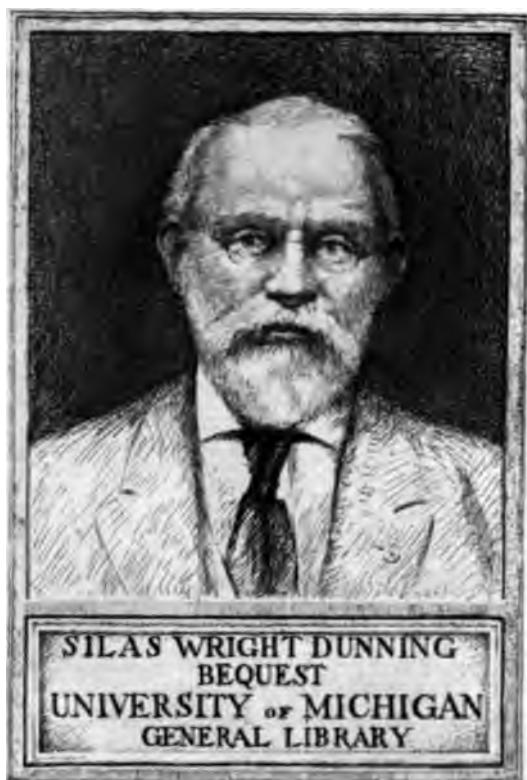

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

### About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. You can search through the full text of this book on the web at <http://books.google.com/>

## PREFACE.

---

THIS, the first volume of Nottingham Parish Registers, contains the marriages at St. Mary's, Nottingham, from the year 1566 to the year 1763, each inclusive. The succeeding volume, which is already in the printer's hands, will contain the remainder, down to the end of the year 1812.

The parish of St. Mary, Nottingham, comprises the whole of the ancient borough, with the exception of the two small parishes of St. Peter and St. Nicholas in the centre of the town.

The registers of St. Mary's are specially important and interesting to the genealogist and local historian. This arises from the circumstance, that in time past, when Nottingham rather than London was the fashionable resort of the local gentry, many of their town residences were situated in St. Mary's parish, so that we find in its registers an unusually large number of weddings of notable Nottinghamshire families. Moreover, the central position of the town, and the size of St. Mary's parish, rendered that church a peculiarly suitable one for the solemnization of clandestine weddings, a large number of which both before and after Lord Hardwicke's Marriage Act of 1753, took place there. The registers are, therefore, of more than local interest.

There are, it is estimated, about twenty thousand weddings recorded in St. Mary's register, between its commencement, and the year 1813, when Rose's Act came into force.

Every care has been exercised in abstracting the entries by Mr. John T. Godfrey, the author of "Notes on the Churches of Nottinghamshire, Hundred of Rushcliffe," whose name is a guarantee for accuracy. Still, errors may have crept in from the difficulty of distinguishing certain letters such as c and t, u, m, n, and i, K and R, O and C, etc.

The entries have been reduced to a common form, and the following abbreviations adopted :—

w. = widower or widow.  
s. = spinster, single woman,  
or son.  
b. = bachelor.  
d. = daughter of.

p. = of the parish of.  
dioc. = in the diocese of.  
co. = in the county of.  
lic. = marriage licence.

It must be remembered that these printed extracts of marriage registers are not "evidence" in the technical sense. Certified copies must still be obtained when evidence of a marriage is needed for proving a pedigree in a court of law, or when registering it at Heralds' College.

No index is issued with this volume, as the Editors believe it is better to print as many registers as possible, and to defer index-making until the registers still in manuscript are placed beyond the risk of loss.

Subsequently it is proposed to issue the marriage registers of St. Peter's and St. Nicholas'. Genealogists, not only in Nottinghamshire, but throughout the whole English speaking world, should appreciate this systematic attempt to render available the information contained in our parish registers, which to most students are at present practically sealed books. These printed copies will preserve the information they contain, even though the originals be lost by carelessness, theft, or fire. Moreover, registers in the past have been sometimes tampered with for wrongful purposes, as was abundantly exemplified in the Harrison pedigree frauds and the more recent Shipway case, a risk which printed copies will in future obviate.

The Editors are indebted to the Venerable ARCHDEACON RICHARDSON, Vicar of St. Mary's, for the courteous permission he has given to transcribe and print these registers, and the facilities he has afforded, in carrying out the work, and for the interest he has taken therein.

W.P.W.P.

*February, 1900.*

J.W.

NOTES ON THE MARRIAGE REGISTERS  
OF  
ST. MARY'S, NOTTINGHAM.

---

VOL. I.—This register is of *paper*, measuring  $12\frac{1}{2}$  inches high and  $8\frac{1}{2}$  inches wide, contained in a limp parchment cover the back of which is missing. The book is very much worn and frayed at the corners and edges, and is considerably water stained. Many of the leaves have become unstitched. With very few exceptions the entries are written in English and appear to be continuous. At the top of the first page is written:—"Thes be the Weddings in th ..... of Cuthbert Hugonye Cur[ate] in thy斯 Churche ever sythcne the tyme of hys fyrist comming hyther unto the day of hys dep'ture from hence y'ys to say from the feast of S. Andrew in the year of our lord 1566 after the supputation of the Church of England unto ...." We find from other entries in the book that this curate "departed" August 9th, 1568, being succeeded by Thomas Williamson, as appears by the following note written at the top of the sixth page:—"These be the wedlings in the tym of Thomas Williamsonne Curat in this Churche since the tym of his first cuming hether unto the day of his departure from hense That is to say from the fea of Ste Michaell the arkangell In the yere of our lord 1568 untill his departyng." The baptisms and burials have similar headings to the foregoing, but it will be found that ceremonies taking place between August 9th and September, 1568, are properly recorded. The first marriage entry is dated January 19th, 1566, and the marriages continue until November 12th, 1624. Then follow baptisms from March 1st, 1566 to November 29th, 1624. The third portion of the register comprises burials from January 22nd, 1566 to May — 1599. Several pages are missing from the end of the book which accounts for the absence of burial entries between May, 1599, and March 26th, 1600 (nearly ten months). The marriages from April 8th, 1600 (as well as the burials for a corresponding period) have been copied into the next register, and it is from this latter book that the abstracts of marriages from this date have been made.

VOL. II.—This register is of parchment,  $11\frac{1}{2}$  inches by  $8\frac{1}{2}$  inches, in limp parchment covers. At the commencement is written "The Register of all Wedings Christnings and Buryeings in St Maris in Nottingham from the xxv<sup>th</sup> day of Marche in the yeare of our Lorde god one Thousande sixe hunderith." The earliest entry, a burial, is dated March

26th, 1600, and the last entry, also a burial, is dated March 21st, 1602. Then follows "The Regester of all the Wedings in St. Maris p'ishe from the xxv day of Marche An<sup>o</sup> do 1603." These entries commence May 1st, 1603, and end February 10th, 1636. Then follows "The Register of all the Christnings in St Maris p'ishe from the xxv day of Marche An<sup>o</sup> do 1603 as foloweth." The entries commence April 4th, 1603, and terminate July 24th, 1636. Then follows "The Regester of all the Buryals in St Maris p'ishe from the xxv day of March An<sup>o</sup> do 1603 as fowloeth." These entries begin April 1st, 1603, and end July 30th, 1636. At the commencement of the book are two memoranda to the effect that Rowland Butler entered into the office of parish clerk in August, 1662, and at the end are entries relating to the church and churchyard.

VOL. III.—This register is of parchment, 13 $\frac{1}{2}$  inches by 8 $\frac{1}{2}$  inches, bound in a cover of the like material. It contains 72 leaves disposed as follows:—Title page inscribed "A true register of all Christeninges weddings and Burialls within the parish Church of saincte Maries in Nottingham Anno Domini 1637 ffor the truth whereof it is required by the Canons of the Church of England that the Minister and Churchwardens at the ende of everye page shall from tyme to tyme subscribe theire names. Quere Canone 70. Memorandum that this booke was begune in the monthe of August anno predicto Mr Edmund Lacocke Bachelor of Devinitie then Vicar of Saincte Maries Church in Nottingha' aforesaid. Ezechias Reason: Thomas Jackson Churchwardens Thomas Widdowson Humfrie Greaves Churchwardens elect." On the back is written "Rowland Butler Published P'ish Clarke in August 1662," 1 leaf. Then follow baptisms from August 7th, 1636 to April 11th, 1640, marriages from March 4th, 1639 to February 17th, 1640, and burials from March 2nd, 1639 to January 29th, 1640, 9 leaves. Here four leaves have been cut out. Memorandum of the appointment on April 15th, 1705 of Thomas Goulding as Parish Clerk followed by a blank page (1 leaf); baptisms from November 13th, 1642 to March 7th, 1650, followed by a blank page (16 leaves). Here three leaves have been cut out. Burials from August 2nd, 1636 to November 14th, 1639 (5 leaves). Here a leaf has been cut out, followed by a blank page, a page containing a note of Dr. Huntingdon Plumptre's marriage on August 14th, 1642, and a note of the raising of the Standard at the Castle on Monday, August 22nd, 1642, and another blank page, 1 $\frac{1}{2}$  leaf. Marriages from April 11th, 1643 to April 21st, 1653, 3 $\frac{1}{2}$  leaves. Baptisms from March 16th, 1650 to January 15th, 1654, and a blank page, 6 leaves. Marriages from August 2nd, 1636 to March 7th, 1639, and a blank page, 3 leaves. Burials from November 17th, 1639 to March 15th, 1639, 1 leaf. Burials from December 24th, 1642 to May 26th, 1656, including half a page of strange preachers (22 leaves). Then follows a page of parish officers for the years 1637 and 1638, burials from June 5th, 1656 to December 26th, 1657, the appointment of the Revs. John Whitlock and William Reynolds as Ministers of St. Mary's in April, 1651, and the names of some persons executed in 1646, 1647, and 1651, 3 leaves.

VOL. IV.—This register is of parchment, 14 $\frac{1}{2}$  inches by 10 $\frac{1}{2}$  inches, bound in calf, fastened at one time by two clasps. It contains 118

leaves, one of which is cut in half lengthways. At one end, on the first page, is written "A True Register of publicacons of Marriag...Belonging to the parish of St Maryes in Nott: John Whitlocke Will. Reynoldes Ministers Saml: Barkston Register. Rowland Butler Published P'ish Clarke in August 1662." Then follow five memoranda relating to the church, written by Edward Clarke, Vicar, between the years 1698 and 1705. There are three blank pages and 77 pages containing entries of marriages from January 3rd, 1653 to January 31st, 1712, making a total of 82 pages. At the other end of the book, on the first page, is written "A true Register of Burialles beginning Januairy 1657 John Whitlocke Willim Reynoldes Ministers Samuell Barkston Register Belonging to the p'ish of St Maryes in Nottingham. Ending 1712." Then follows a page of summaries of burials. There are seven blank pages and 145 pages containing entries of burials from January 15th, 1657 to March 23rd, 1712, making a total of 154 pages. Two burials on July 26th, 1685, are entered in error among the marriages at the other end of the book. The writing in this book may be classified as good, bad, and abominable.

VOL. V.—This register, also of parchment, 14 $\frac{1}{2}$  inches by 10 $\frac{1}{2}$  inches is bound in calf, and has been rebacked. At one end is written, inside the cover, "A True Register of Marriages in y<sup>e</sup> Parish of St. Mary in Nottingham fm<sup>m</sup> Lady day 1713 [to the 24<sup>th</sup> Day of March, 1754] Sam<sup>l</sup> Berdmore Vicar." Then follows a memorandum, dated July 20th, 1719, relating to the demolition of a house in the churchyard, followed by continuous entries of marriages from April 4th, 1713 to March 24th, 1754. At the other end of the book is written "A True Register of Buryalls in the Parish of St<sup>t</sup> Mary in Nottingham beginning Lady day 1713 : Samuel: Berdmore Vicar." The entries of burials are continuous from March 26th, 1713 to March 24th, 1763.

VOL. VI.—This register, of parchment, 15 inches by 10 $\frac{1}{2}$  inches, is bound in parchment, on the front cover of which is written "No 3. 1754 to 1763. A Register of Marriages in the Parish of St<sup>t</sup> Mary in Nottingham from the twenty fifth Day of March 1754 to the twenty fifth Day of March 1763." It contains a leaf on which is written a form of marriage entry, 115 numbered pages, and seven blank leaves. The entries, of marriages only, are from March 25th, 1754 to March 21st, 1763. The writing is in several places considerably affected by damp.

VOL. VII.—This register, of parchment, 15 $\frac{1}{2}$  inches by 10 $\frac{1}{2}$  inches, is bound in calf, on the cover of which is written "No. 4. 1763 to 1770. A Register of Marriages in the Parish of St<sup>t</sup> Mary in Nottingham from the twenty fifth Day of March 1763 to the fifteenth day of October 1770." It contains 167 numbered pages, but there being two numbered 137, and two blank pages between pages 103 and 104, the number of written pages is 166.

VOL. VIII.—This register, of parchment, 16 $\frac{1}{2}$  inches by 10 $\frac{1}{2}$  inches, is bound in calf, the covers being much worn. It contains, at one end, marriages from October 15th, 1770 to August 28th, 1771, 9 leaves, and at the other end, burials from March 27th, 1796 to December 31st, 1812,

**VOL. IX.**—This is a large paper book, 14 $\frac{1}{2}$  inches by 9 $\frac{1}{2}$  inches, bound in calf, and marked on the front cover "No 5. 2<sup>nd</sup> Vol." The entries, with a few exceptions, are entered in printed forms, and date from September 14th, 1771 to November 22nd, 1784, the total number of entries in the book being 1905.

**VOL. X.**—A large parchment book, 17 $\frac{1}{2}$  inches by 10 $\frac{1}{2}$  inches, bound in calf and bearing on the front cover a red label inscribed in gilt letters "Marriage Register, of St Mary's Nottingham." There are spaces for 1910 entries on printed forms but only 1905 marriages are recorded—forms 972, 1009, and 1783 are left blank, the entries 1536 and 1596 are in duplicate, and 1808 is cancelled. The entries date from November 26th, 1784 to January 28th, 1794.

**VOL. XI.**—A similar parchment book to the last. The red label on the front cover is inscribed "Marriage Register, of St Mary, Nottingham 1794." There are spaces for 2460 entries on printed forms, but the last form is left blank. The entries extend from February 2nd, 1794 to March 13th, 1803.

**VOL. XII.**—This is a large parchment book of printed forms similar to the last, and contains marriages from March 14th, 1803 to October 24th, 1811. The last form is numbered 2395, but after accounting for errors in numbering, etc., the marriages recorded amount to 2406.

**VOL. XIII.**—Also a parchment book of printed forms contains 280 marriages between October 26th, 1811, and December 31st, 1812.
